**EAST TENNESSEE CONSTRUCTION**

May 27 – June 2, 2021

**ANDERSON COUNTY, SR 61 Bridge over Norfolk Southern Railway and Market Street in Clinton:** SR 61 East is reduced to one lane through this bridge repair project. Motorists should be alert for workers present, changing conditions, lane shifts, and use extreme caution through this area.

**ANDERSON COUNTY, US 25/SR 9 Bridge over Clinch River between SR 61 and Carden Farm Drive:** SR 9 northbound is reduced to one lane approaching the bridge as crews continue work in this area. Motorists should be alert for workers present, changing conditions, lane shifts, and use extreme caution through this bridge construction project.

**BLOUNT COUNTY, US 129 North and South between SR 35 Hall Road and Tyson Boulevard:** Motorists should be alert for workers present, possible lane closures and brief stoppages of traffic through this roadway construction project. **For project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/sr-115-alcoa-highway-hall-road-to-tyson-blvd.html>**

**BLOUNT COUNTY, SR 335 Hunt Road between Ambrose Street and Ramsay Street:** Motorists should be alert for possible lane closures at various times as crews install utilities through this construction project. Motorists should be alert for workers present directing traffic and use extreme caution through this area.

**BLOUNT COUNTY, SR 33 between Foothills Mall Drive and Henry Street:** Motorists should be alert for possible nightly lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this intersection improvement construction project. Motorists should be alert for workers present, changed conditions, and use extreme caution through this area.

**CAMPBELL COUNTY, I-75 North and South between Mile Markers 135 and 142:** Motorists should be alert for possible temporary lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this project. Motorists should be alert for slowed or stopped traffic, expect potential delays and use extreme caution through this area.

**CAMPBELL COUNTY, I-75 North near Mile Marker 143:** Motorists should be alert for possible temporary lane closures between the hours of 7 p.m. and 6 a.m. the following morning on Sundays through Thursdays through this project. Motorists should be alert for slowed or stopped traffic, expect potential delays and use extreme caution through this area.

**CAMPBELL COUNTY, SR 63 between Myers Lane and Frontier Road/Woodson Lane:** Motorists should be alert for possible temporary lane closures between the hours of 9 a.m. to 3 p.m. and/or 7 p.m. and 6 a.m. the following morning through this construction project. Motorists should be alert for slowed or stopped traffic, expect potential delays and use extreme caution through this area.

**CARTER COUNTY, US 19E/SR 37 Bridge over the Doe River and Riverview Road:** Motorists should be alert for possible lane closures through this bridge repair project. Motorists should be alert for workers present, slowed traffic, and use extreme caution in this area.

**CLAIBORNE COUNTY, SR 63 between Old Town Creek and US 25E/SR 32:** Motorists should be alert for possible lane closures through this construction project. Motorists should be alert for workers present, expect delays and use extreme caution through this area.

**GRAINGER COUNTY, US 11W/SR 1 between Promiseland Road and Circle Loop:** Motorists should be alert for possible daily lane closures between the hours of 7 a.m. and 7 p.m. through this resurfacing project. Motorists should be alert for workers present, reduced speeds, expect possible delays, and use caution through this area.

**GREENE COUNTY, US 11E/SR 34 both directions between Blue Springs Parkway and Forest Road in Mosheim:** Motorists should be alert for lane closures and lane shifts through this area for bridge repair operations. These lane closures will remain in place 24/7 until repairs are complete. Motorists should be alert for workers present, changing conditions, and use extreme caution in this area. This bridge repair project is estimated to be complete on or before October 31, 2021.

**HAMBLEN COUNTY, SR 34 near Commerce Blvd.:** Motorists should be alert for possible lane closures between the hours of 9 a.m. and 5 p.m. through this construction project. Motorists should be alert for workers present, slowed traffic, and use extreme caution in this area.

**HAMBLEN COUNTY, SR 160 near Commerce Blvd.:** Motorists should be alert for possible lane closures between the hours of 9 a.m. and 5 p.m. through this construction project. Motorists should be alert for workers present, slowed traffic, and use extreme caution in this area.

**HAMBLEN COUNTY, SR 343 between US 11E and East Main Street:** Motorists should be alert for possible temporary road closures with detours between the hours of 7 p.m. and 5 a.m. the following morning as utility crews perform work in this area. Motorists should be alert for workers present, follow signed detours, and use extreme caution in this area.

**JOHNSON COUNTY, SR 167 at Log Mile 7.5:** Motorists should be alert for single lane roadway with temporary traffic signal through this slide repair project. Motorists should be alert for workers present, slowed traffic, and use extreme caution in this area.

**KNOX COUNTY, Various Interstates through Knoxville:** On Thursday, May 27, 2021, motorists should be alert for possible mobile lane closures between the hours of 8 p.m. and 6 a.m. the following morning as crews perform roadway maintenance activities. Motorists should be alert for workers present, slow or stopped traffic, and use extreme caution in this area.

**KNOX COUNTY, US 129/SR 115 Alcoa Highway between Topside Road and Maloney Road:** Motorists should be alert for possible temporary lane closures and lane shifts as crews perform work through this project. Motorists should be alert for new traffic patterns. Motorists should be alert for workers present, reduce speed and use extreme caution through this area. **For project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/sr-115-alcoa-highway-little-river-to-maloney.html>**

**KNOX COUNTY, US 129/SR 115 Alcoa Highway between Maloney Road and Woodson Drive:** Motorists should be alert for possible temporary lane closures and lane shifts as crews perform work through this project. Motorists should be alert for new traffic patterns. Motorists should be alert for workers present, reduce speed and use extreme caution through this area. **For project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/sr-115-alcoa-highway-maloney-to-woodson.html>**

**KNOX COUNTY, US 441 Broadway Viaduct between Jackson Avenue and Fifth Avenue: US 441 Broadway Viaduct over Norfolk Southern Railroad in downtown Knoxville is closed for bridge replacement.** The Broadway Viaduct will be closed to all traffic for the duration of the project. During the closure, Broadway will be closed from the intersection of Oak Avenue, Worlds Fair Park, and Jackson Avenue to just north of the Depot Avenue intersection. Depot Avenue will also be closed. These closures will ensure the safety of workers and motorists as crews demolish the old bridge and reconstruct the new bridge. Primary and Local Detour Routes around the bridge closure will be in place. **For detour routes and project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/broadway-viaduct.html>**

**KNOX COUNTY, US 441/SR 71 Chapman Highway between Highland View Drive and Burnett Lane:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 3 p.m. through this construction project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area. **For project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/chapman-highway-evans-to-burnett.html>**

**KNOX COUNTY, SR 62 Western Avenue between Copper Kettle and Texas Avenue:** Motorists should be alert for possible nightly lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this resurfacing project. Motorists should be alert for workers present, reduced speeds, expect possible delays, and use caution through this area.

**KNOX COUNTY, SR 162 Pellissippi Parkway West at Hardin Valley Road:** Motorists should be alert for possible temporary lane closures through this construction project. Motorists should be alert for workers present, reduced speeds, expect possible delays, and use caution through this area.

**KNOX COUNTY, SR 332 Concord Road between Turkey Creek Road and Northshore:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 3 p.m. and new traffic patterns through this construction project. Motorists should be alert for workers present, expect potential delays, and use extreme caution through this area. ***For project information, go to <https://www.tn.gov/tdot/projects/projects-region-1/sr-332-proposed-widening.html>***

**LOUDON COUNTY, I-75 North and South between Mile Markers 79 and 84:** Motorists should be alert for possible temporary lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this resurfacing project. Motorists should be alert for workers present, slow traffic, expect delays, and use extreme caution through this area.

**LOUDON COUNTY, SR 2 between Loudon Middle School and Carter Street:** Motorists should be alert for possible temporary lane closures daily between the hours of 9 a.m. and 3 p.m. through this construction project. Motorists should be alert for workers present, reduced speeds, expect possible delays, and use caution through this area.

**LOUDON COUNTY, US 321/SR 73 between I-40 and Simpson Road:** Motorists should be alert for possible nightly lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this resurfacing project. Motorists should be alert for workers present, slow or stopped traffic, and use extreme caution in this area.

**LOUDON COUNTY, US 411/SR 33 between Blount County Line and Monroe County Line:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 3 p.m. through this resurfacing project. Motorists should be alert for workers present, slow or stopped traffic, and use extreme caution in this area.

**ROANE COUNTY, I-40 West between Mile Markers 340 and 344:** Motorists should be alert for possible lane closures at various times through this slope stabilization project. Motorists should be alert for workers present, reduced speeds, lane shifts, and use extreme caution through this area.

**ROANE COUNTY, I-40 East near Mile Marker 353:** Motorists should be alert for possible lane closures between the hours of 7 p.m. and 6 a.m. the following morning as crews set portable barrier rails through this slope stabilization project. Motorists should be alert for workers present, slow traffic, and use extreme caution through this area.

**SCOTT COUNTY, US 27/SR 29 between Industrial Lane and Second Avenue:** Motorists should be alert for possible temporary lane closures through this construction project. Motorists should be alert for workers present, expect possible delays, and use caution through this area.

**SEVIER COUNTY, SR 71 between US 411 and Macon Lane:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 3 p.m. through this construction project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area.

**SULLIVAN COUNTY, I-81 North & South between Mile Markers 57 and 63:** Motorists should be alert for possible temporary lane closures nightly between the hours of 7 p.m. and 6 a.m. the following morning through this bridge repair project. Motorists should be alert for workers present, slow or stopped traffic, expect potential delays, and use extreme caution in this area. This bridge repair project is estimated to be complete on or before May 31, 2021.

**SULLIVAN COUNTY, SR 36 at SR 126:** Motorists should be alert for possible nightly lane closures between the hours of 7 p.m. and 6 a.m. the following morning through this intersection improvement project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area.

**SULLIVAN COUNTY, SR 126 Memorial Boulevard at SR 36:** Motorists should be alert for lane reductions through this intersection improvement project. Motorists should be alert for workers and equipment present, changed traffic patterns, expect potential delays, and use extreme caution through this area.

**SULLIVAN COUNTY, SR 355 between Log Miles 1 and 3:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 3 p.m. through this construction project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area.

**UNICOI COUNTY, I-26 East and West near Mile Marker 33:** Motorists should be alert for lane closures as I-26 will be reduced to one lane in each direction around the clock through this bridge repair project. Wide loads should follow signed

detour routes. Motorists should be alert for workers present, slow traffic, and use extreme caution through this area. This project is estimated to be complete on or before August 31, 2021.

**UNICOI COUNTY, SR 81 between Log Miles 0 and 1.8:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 8 p.m. through this resurfacing and safety project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area.

**UNICOI COUNTY, SR 107 between 6<sup>th</sup> Street and SR 173:** Motorists should be alert for possible lane closures daily between the hours of 9 a.m. and 8 p.m. through this resurfacing and safety project. Motorists should be alert for workers and equipment present, expect potential delays, and use extreme caution through this area.

**WASHINGTON COUNTY, SR 93 between Davis Road and Fire Hall Road:** Motorists should be alert for possible temporary lane closures through this construction project. Motorists should be alert for workers present, reduced speeds, and use caution through this area.
